Six persons were injured and two cars were demolished in an auto accident 13 miles west of here along the Lincoln Highway, near the Caledonia Drive-in Theater, at 4:45 o'clock Wednesday afternoon.

State police said Freda Ann Myers, 21, Fairfield A. 2, was driving west when another westbound car driven by Jack K. Watson, 23, 27 E. Orange St., Shippensburg, struck the rear of the Myers vehicle. After the impact both vehicles left the highway and rolled over.

Damage to Watson's sedan was estimated at \$2,500 and to Miss Myers' vehicle, \$2,000.

Six persons were removed to the Chambersburg Hospital. Admitted as patients there were Watson, who had a laceration of the chin and right wrist and a back injury, and Patricia Myers, 17, Fairfield R. 2, a passenger in the Myers car who suffered from a compound fracture of the left leg and shock.

Treated at the hospital were J. C. NO STEEL COMMENT

HARRISBURG, Pa. (AP)—Former President Dwight D. Eisenhower reserved judgment today on the steel price increase rollback forced by President Kennedy.

"We'll have to wait to see how it affects the economy," Eisenhower said in an interview beside two stainless steel private railroad cars which brought him back from a 4½-month vacation in Southern California.

A frown crossed Eisenhower's tanned brow when he was asked for comment on the battle waged by Kennedy against the \$6-a-ton steel price increase, later rescinded.

But he declined to comment directly on the propriety or impropriety of Kennedy's course of action.

TO MEET LEADERS

He said he intended to discuss the steel situation further with Republican party leaders in the near future.

Mr. and Mrs. Eisenhower and a party of five aides arrived at the railroad station here about 2:30 a.m.

After an early morning breakfast aboard the diner, they left at 7:45 a.m. for their Gettysburg farm in a limousine.

He freely talked about his stay at Palm Springs, Calif., and his visit to the Eisenhower Memorial Museum at Abilene, Kan.

Eisenhower is to spend the weekend at the Augusta National Golf Club.

BOYCOTT ALGIERS WHARFS After Wednesday's Bomb Blast Killed 110 Persons

By BERNARD J. LALLAEE
ALGIERS (AP)—Moslem dockworkers today boycotted the waterfront where at least 96 dockers were killed in a bomb blast planted by the European secret army.

The strike brought the port to a standstill. Seven ships were waiting to be unloaded and others were anchored in the outer harbor.

The underground extremists fighting to keep Algeria French kept up their terror campaign today with bombings and robberies.

ROB POST OFFICES

Two violent explosions wrecked a Moslem medical insurance office near the Algiers Casbah and two post offices were held up and robbed of about 28,000 francs (\$600).

There were no immediate reports of casualties. The explosions occurred before the building opened for business. During office hours it is usually crowded with Moslems collecting government insurance payments for medical expenses.

The new terrorist action followed one of the bloodiest days in Algeria since rebellion erupted in the territory more than seven years ago. Officials reported 110 persons were killed and 147 wounded Wednesday in Algiers and Oran. Almost all were Moslem victims of the Secret Army.

BLOCK INDEPENDENCE

Algerian Nationalist leaders strove to hold back enraged Moslems from wreaking vengeance against the European extremists out to wreck the cease-fire reached by President Charles de Gaulle and the rebels March 19.

The savagery of the terrorists' attacks in Algeria's two biggest cities was clearly designed to produce independence.

At least 96 Moslems were killed and 140 wounded in one blow when a booby-trapped car loaded with 40 pounds of explosives and shrapnel exploded among 1,500 Moslems crowded around a dockside hiring hall.

In the other Secret Army stronghold, the western port city of Oran, French soldiers and police made no move to interfere as European gunmen and settlers massacred six Moslems on the broad Boulevard Joffre.

Terrorist snipers were firing from rooftops indiscriminately into the neighboring Moslem quarters.

HERE AND THERE

The new uniforms for the Gettysburg High School Band, of a Civil War pattern, will be here in time for the musicians to wear them in the Memorial Day parade but they may not be paid for . . . at least if donations continue at the present rate.

Voluntary contributions thus far to the \$6,000 fund needed, is short of \$900. Of this amount \$384 came from band concert receipts.

Those soliciting for the fund have not had an opportunity to call on a great many persons and have appealed to one who have not been solicited to voluntarily send their donations to George Gilbert, W. Middle St., Gettysburg.

Parents of the young musicians, as well as the musicians, are striving to raise the necessary money but need a little more help and a whole lot more donations.

Perhaps the next week will bring the desired results.

HONOR 4 OLD GRADS

The four graduates who received the "distinguished alumni certificates" from the college president, Dr. C. A. Hanson, were Luther P. Eisenhower, class of 1896; Dr. Luther A. SHEELY TELLS OF FREEDOM AT ANNUAL DINNER

"If we think of our citizenship in terms of responsibilities, then we will not need worry about our rights as citizens," Judge W. C. Sheely said Wednesday evening at the annual ladies' night banquet of the Adams County Federation of Clubs at the McSherrystown Moose Lodge.

"There can be no such thing as absolute rights, rights without restraint, for if there were, there would be chaos. Every man would have a right to do what he pleased even though it conflicted with his neighbors' rights. May I we marked Law Day-USA, to emphasize that we are governed by laws which we have made ourselves through our legislatures to govern us—in comparison to the Communist system of rule by dictatorship."

CANNOT SLANDER

"Under rule by law each man knows his rights and his responsibilities. I have the freedom to speak out as I wish, but I do not have the right to slander my fellow man. I have the right to speak, but not to shout the word 'fire' in a crowded theater to cause a panic. Freedom of the press is one of our most important rights, because through the press we can be informed, and evils can be revealed and corrected. But freedom of the press does not imply the right to libel."

"Probably our greatest right is freedom of religion. One of the things that has made our nation great is that we can live side by side and work together while being of different religions. But even freedom of religion is not an absolute right. Our laws forbid polygamy although some religions permit it, and as a result the law to that extent restricts the religion."

"All freedoms go only so far. They stop when they infringe on the rights of others."

Penn State Student Drowns Wednesday

UNIVERSITY PARK, Pa. (AP) — Martin M. Bueck Jr., an 18-year-old chemistry student at Pennsylvania State University, drowned Wednesday shortly after completing a swimming class at the Glenland Pool.

Bueck, a resident of Pittsburgh, was found dead 10 minutes after the class had ended.

His body was discovered by a classmate, Elliott G. Barske of North Haven, Conn.

Both a life guard and his swimming instructor were present at the time.

Barske spent about an hour attempting in vain to revive Bueck with artificial respiration. Centre County Coroner W. Robert Neff ruled that death was caused by asphyxia from drowning.

logian in this country, Dr. Joseph Sittler, he believes that the theological educator is called to a dual vocation, "a vocation to work at the task of theology, and a vocation to citizenship in the 20th century."

Dr. Gritsch said that "the Christian, no matter what his vocation, must walk the tight-rope that links the world with the Word of God." He said the Christian ministry can be effective only when it is executed "in the context of Biblical faith proclaimed in terms of a critical evaluation of the past and the present."

Dr. Gritsch emphasized in conclusion that in theological education one must first look back in church history in order to be able to look forward, "back into the past because we represent but a small link in the chain of historical faith, and forward to the future because we live under the promise that the meaning of history will one day be fully revealed. Many dangers and temptations await us in such an endeavor. But do it we must, if we are to be true to our vocation, to the ministry of the Word and to citizenship in the 20th century."

Dr. McCracken gave the second Zimmerman lecture Wednesday evening on the subject of "The Preacher's Theology," stressing the great importance of precise theological study and the careful effort to relate these truths of the Christian revelation to the facts of modern life and the daily experiences of modern man. This morning at 11 Dr. McCracken discussed "The Preacher's Counseling." He indicated that the clergyman must be "passionate in his concern for the troubles of people and patient in his listening to the stories of human frailty and folly which come to his counseling room."

In the first lecture of the week Wednesday morning Dr. Carl C. Rasmussen, professor of systematic theology at the seminary here, spoke on "The Sacrament, Communion or Disunion."

Dr. Rasmussen spoke of the provocative concept of closed communion that some American Lutheran churches practice, in contradiction to the continental Lutheran churches, particularly those in Scandinavia where this does not seem to be true. "Waves of ecumenicity," said Dr. Rasmussen, "are washing around the foundations of Lutheranism concerning this point. The Lord's table is not a place for dialectical theological discussions. It is a place for God's confrontation with man, open to everyone that wants to come."

He dealt also with the theological "bones of contention" concerning the Lord's supper. Concluding, he pointed out that the Lord's supper "should not be discussed as a topic of disunion, but of communion, a communion with Jesus Christ."

DR. VAJTA SPEAKS

The second speaker was Dr. Vilmos Vajta, the Swope lecturer. Dr. Vajta has been director of the Lutheran World Federation's Department of Theology for eight years. A native of Hungary, Dr. Vajta graduated from the University of Sopron and received his doctorate at the University of Lund, Sweden. He is the author of "Luther's Theology of Worship."

"Liturgy as the Ministry of Word and Sacraments" was the title of his presentation. Deploring the modern concept of liturgy being a "external, ritualistic system," Dr. Vajta said this modern understanding of liturgy does not do justice to the Biblical concept of liturgy. The liturgy and ministry are equal concepts in the New Testament, he continued. "Ministers are servants of Christ's mission to the world, to present his saving grace, through the preaching of the Word and the sacraments," Dr. Vajta taught. This is also the function of the liturgy. The listeners of Dr. Vajta were made well aware that the liturgy does not belong to "human traditions and made-made cults" but that it is God's gracious gift.

Blossoms Reach Height Of Beauty

Adams County was reported at the height of its spring beauty today.

Battlefield guides said the blossoms on the battlefield are "at the peak of perfection" and "Little Round Top is white with dogwood."

Countians who have driven through the orchard areas report the blossoms there are also at their peak today.

ORIOLES PLAN 3 "KID DAYS"

BALTIMORE — During the course of the 1962 season, approximately 50,000 youngsters will attend three afternoon baseball games at Memorial Stadium as guests of the Baltimore ball club. Orioles president Lee MacPhail has designated the following Saturday afternoon games this year as "Kids Days": July 14, Orioles vs. Cleveland; August 18, Orioles vs. Cleveland; September 22, Orioles vs. Minnesota.

Any number of youngsters 13 years of age or under will be admitted to these games free of charge provided they are adequately supervised by a sufficient number of adults. The regular general admission price of \$1.25 will, however, be asked of each adult.

Any group or organization wishing to attend a "Kids Day" ball game is advised to write a brief note indicating the date or dates they wish to come, the number of children in their group and the approximate number of adults who will accompany them. This information should be sent to: Kids Day, Baltimore Orioles, Memorial Stadium, Baltimore 18, Md. The ball club in turn will forward a letter of instruction which will serve as a ticket for every youngster.

CLUBS TO MEET

The Heider-Hunter 4-H Club will meet Friday evening at 7:30 o'clock at the home of Glenn Jacoby, Gettysburg R. 4. Also scheduled for Friday evening at 7:30 o'clock is a meeting of the Adams County 4-H Swine Club at the Adams Electric Cooperative building, rear of N. Stratton St. The theme will be "Swine Management, Care and Feeding."

INVESTIGATE ASSAULT

Mrs. Artie Miller and Nancy Smith, Taneytown, reported to borough police at 12:30 o'clock this morning that two young men had "cuffed Artie Miller about" on Chambersburg St. and then drove away. Police are investigating.

but that it is God's gracious gift. The final lecturer of the morning was Dr. Robert J. McCracken, minister of the Riverside Church in New York City since 1946. Dr. McCracken was born in Scotland, educated at the University of Glasgow and at Cambridge University. He has taught at McMaster University, Hamilton, Ontario, and also at Union Theological Seminary in New York. Among Dr. McCracken's numerous books are: "Questions People Ask" (1951), "The Making of the Sermon" (1956) and "Putting Faith to Work" (1960). As the Zimmerman lecturer, Dr. McCracken will deliver four lectures. His first Wednesday morning dealt with "The Minister at Work: I, His Sermons."

Dr. McCracken's presentation was fast moving and humorous. "No seminary," said the Scotsman, "can confer a higher degree upon a man than that of being a minister of the Word of God. However, a minister has responsibilities of which the greatest is his preaching. Medocre preaching demonstrates the survival of the church is a miracle," said Dr. McCracken. "Only the development of skills, obedience, dedication and hard work can produce the desired preaching," he said.

Lights Cigarette And Car Crashes

Lighting of a cigarette contributed to an auto accident at the corner of Carlisle and Water Sts. at 10 o'clock Wednesday night, borough police reported today.

Chief of Police Jack Bartlett, who investigated, said Jack A. Mumma, 26, Dauphin R. 1, was lighting his cigarette as he drove north on Carlisle St. When he looked back to the highway he saw a car stopping ahead. Mumma braked and his vehicle skidded on the wet highway into the rear of a car operating by Hazel R. Lawver, 51, 247 Baltimore St., which had halted to permit south-bound traffic to pass before making a left turn into Water St.

Police estimated damage at \$275 to Mumma's car, \$60 to the Lawver car. A charge of driving too fast for conditions was brought against Mumma before Justice of the Peace Robert P. Snyder.

Playground To Open: With the arrival in Gettysburg Friday of the slides, swings, see-saws and other equipment ordered by the Gettysburg Recreation Board, that body announced that the Gettysburg playground will open for the summer months on Monday, June 15. Applications for appointments to the positions of supervisors of the playground are being received by Paul A. Kinsey, president. Salaries of the supervisors will be paid out of funds to be appropriated by the borough council. The school board is expected to hold a meeting early next week to lay out the area for the playground on the Gettysburg High School grounds and then the placing of the equipment can begin. Churches, fraternal orders and civic organizations already have contributed toward the cost of the playground equipment but \$120 remains to be raised within the next 30 days. The members of the board are President, Paul A. Kinsey; secretary, Mahlon P. Hartzell; treasurer, Ray M. Hoffman; John W. Brehm and Ralph Z. Oyler. They were appointed by borough council last year. The advisory committee includes the Rev. Fr. Mark E. Stock and Rev. Dwight F. Putman and E. V. Bulleit, Esq.

War Stamp Sales: Like a rolling snowball, the sale of ten cent United States War Stamps by The Gettysburg Times carrier boys is growing to enormous proportions. During the nineteen weeks of the campaign 190,670 stamps have been sold. In the week that closed Friday the sales reached 20,395 stamps, Robert Sternat, Biglerville sold 10,675 stamps this week to lead the carriers. A newcomer in the leaders' field this week is James Bucher, of Aspers, with 3,298 stamps to his credit. Third place in the weekly totals went to Thomas Small, who sold 1,016 stamps. For the entire nineteen weeks Robert Sternat is number one salesman with 32,380 stamps. Second place laurels go to J. Henry Hershey, Cashtown and Thomas Small is third.

Rubber Plant Burns: More than one thousand employees were thrown out of work by a fire that completely destroyed the Blue Ridge Rubber company plant in Taneytown Saturday evening. The blaze was discovered by two women who reside close to the factory building and who turned in the alarm but before the arrival of the Taneytown fire company the block-long, brick and frame structure was a mass of seething flames, with rubber materials, finished products and stocks of old rubber tires to be used in reclaiming work adding fuel to the blazing inferno. Loss was estimated at \$500,000.

C. W. Stock Serious: Charles W. Stock, Harrisburg street, is reported to be in a very serious condition in the West Side Sanitarium at York following a heart attack which he suffered Saturday. Two weeks ago he submitted to a major operation.

Stabilization Of Wages And Farm Prices: President Roosevelt said today that during the war "no American citizen ought to have a net income, after he has paid his taxes, of more than \$25,000 a year" in proposing to Congress a seven-point program designed to combat the upward spiral in living costs. The President proposed stabilization of wages and salaries of individuals, saying "I believe that stabilizing

Today's Talk

TOUR "GUARDIAN SPIRIT"
In the middle of the first century a boy slave appeared in the Roman world. His name we now know as Epictetus. In addition to being a slave, he was lame and very poor.

But today, scattered all over the world, are thousands of books containing the simple, golden sayings of this great Greek philosopher. The influence of his life seems to have no end.

Said Epictetus: "God hath placed by the side of each a man's own Guardian Spirit, who is charged to watch over him — a Guardian who sleeps not nor is deceived. For to what better or more watchful Guardian could He have committed each of us?"

So when you have shut the doors and made a darkness within, remember never to say that you are alone."

What with the world so full of elements that are forever beating and battering at our faith and hope, would we do without this Guardian Spirit?

We are often amazed at the superhuman courage and fortitude of certain people who smile through the blackest and most distressing experiences of pain or sorrow. But it is not to be wondered at when you come to know that these are the rare spirits who look higher than their mortal frames and who somehow find the great God treading in their hearts with all the rest of the world outside.

Nothing can defeat the Guardian Spirit of a man. It is well to recognize this fact early in the dealing with a brave man.

The weak and the fragile, no matter how well they deceive by a showy shell, are easily put to rout. They do not always look weak and fragile, but somehow that Guardian Spirit, which is so evident in noble lives, shrouds its keeper like a shell.

There is a silent something in us all just the minute we feel God in our hearts. And it is this that makes us worthy and willing to serve — even at the humblest task assigned to us.

Tomorrow Mr. Adams will talk on the subject: "Yesterday Ended Last Night"

ABOUT FLATTERY
A winner, reading in the press
About his wonderful success,
Believed, as mortals sometimes
do,
That all the writers wrote was
true.
And glorying in such praise forgot
That he and life were altered not.

All flattery is sickly sweet
And very dangerous to eat,
For those who gulp it down forget
That rain the richest robes can
wet;
That thirst and hunger and fa-
tigue
Beset the best of every league.

Who yesterday was rated best
Must wake to face this morning's
test,
Must bathe and shave (if male
he be),
Don clothing just like you and
me;
Eat food, drink water, light the
fire
And with the night to bed retire.

All this our clever man forgot
Until his friends could stand him
not.
The moral is if praise you gain
Make sure unaltered to remain.
Though sweet is flattery to receive
'Tis very dangerous to believe.

EXPLOSION OF KNOWLEDGE

Dr. Kadel spoke of the debt of the individual Senior to his college, "to the community of God, the community of truth and to the community of educated people who are heirs with you of a college education."

"The cost of education is bound to go up," he said. "There is more truth to be taught and

learned. The explosion of knowledge is more dramatic these days than the explosion of population.

"Private college education, Christian higher education, will abide only as a significant influence in our nation's culture as it is supported by private citizens and alumni have more cause to 'remember' and 'support' than any other single group," he continued.

As Dr. Kadel discussed "iden-

PARENTS TO BE MOUNT GUESTS

Three thousand parents are expected to attend the annual Parents' Day weekend to be held at Mt. St. Mary's College, Emmitsburg, on Saturday and Sunday according to Rev. Hugh J. Phillips, college chaplain.

The fifth annual Parents' Day dance will be held Saturday evening from 9 until 1 in the memorial gymnasium. The Warren Covington Orchestra will furnish the music.

On Sunday the annual Parents' Day program will open with a Sojourn High Mass at 11 a.m. with the Rt. Rev. Robert R. Kline Ph.D., president of the college, as celebrant. An outdoor brunch will follow at noon. After the brunch a reception by the president and faculty of the college will be held as well as installation and awards of new student body officers. The day's program will close with benediction of the Blessed Sacrament at 4 p.m.

IN MAY DAY FETE

Miss Debbie Bedford, daughter of Mr. and Mrs. Joseph Bedford, East Berlin R. 2, an elementary education major at Waynesburg College, will be a junior attendant in the May Day ceremonies at the college Saturday when Miss Mary Ann Shutterly will be crowned May queen. Miss Bedford will also participate in the May Day dance as part of the court in the college gymnasium.

tification "integrity" and "involvement," he said: "If I may be permitted to change the symbol, the present is the launching pad of tomorrow. There will be no goodness in tomorrow unless it be fathered today. Everything is always one generation away from extinction, unless the existing generation chooses to pass it on."

He concluded: "All the money you may be able to give to the support of your Alma Mater in the years to come will not be enough to compensate for the moral and spiritual deficit you will create if you fail properly to acknowledge your true identification; if you deny your ethical commitments and lose your integrity and if, through indifference or fear, you refuse to become involved in the great battle for social improvement and political development.

"In the face of these at once terrifying and tantalizing opportunities an alumnus of Gettysburg College begins to feel the impact of the commitment he makes so often—'Forever Am I Thy Debtor.'"

Warriors Down Cannors In Dual Meet; McCleaf Again Wins Three Events

Gettysburg High School's Warriors trackmen handed Biglerville its first loss in dual competition this season via a 72-55 victory here Wednesday afternoon. The Cannors won three dual affairs while Gettysburg is now 2-1.

Jim McCleaf turned in another triple victory performance for the Forneymen in winning the 100-yard dash, 180 low hurdles and broad jump.

Coach Don Sterner's Cannors were led by Dick Dull who won the 120 high hurdles and the javelin toss. He was also third in the 180 hurdles.

PINCHHITTERS IN TOUGH ROLE

KANSAS CITY (AP)—"A pinch hitter has a helluva tough life," said Vic Wertz before Wednesday night's game between the Detroit Tigers and the Kansas City Athletics, won by the A's 12-8.

Then in the seventh inning of the game, the 37-year-old Tiger veteran batted for pitcher Hank Aguirre and collected his fifth straight pinch hit, a single to left.

The hit tied the American League record, set in 1953 by Johnny Mize of the New York Yankees and equaled by Bob Hale of Cleveland in 1960. The major league record for consecutive pinch hits is eight, set by Dave Philley of the Philadelphia Phillies in 1958.

Wertz, now in his 17th season in the American League, said Wednesday pinch hitters have a rough row, explaining:

"You sit around most of a ball game and you get in the toughest part of one. Maybe your club has been going good and you haven't played for a week because you were not needed. If you're on the road you haven't had much batting practice.

"Then you get called and everything hinges on what you do."

THE PASSING PARADE

BALTIMORE (AP)—The status symbol that once belonged to locomotive engineers—the power to make a loud noise—apparently has passed to truck drivers.

Several truckers in this area recently sounded their air horns to the delight of children who had learned from their passing automobiles and gestured as if pulling whistle cords.

SONNY LISTON PREDICTS AN EARLY KAYO

By JACK HAND

Associated Press Sports Writer
SOUTH FALLSBURG, N. Y. (AP)—It was a raw, damp day in the Catskills. A chill rain splashed against the windows of the plush country club-hotel where Sonny Liston is camping out.

For the first time in his checkered career, Liston has a camp in the mountains. Although he never has devoted many hours to bird watching, he can pursue flora and fauna to his heart's content until September.

The challenger for the world heavyweight boxing title (site to be decided one of these days) arrived in this bosky dell Wednesday. His entourage included six men identified as trainer, cut man, gym helper, sparring partner, secretary and attorney. The attorney helped him answer some of the more troublesome questions from newsmen.

SPANISH INTERVIEW

Jose Torres a Puerto Rican middleweight who has been — and still is, as far as is known here — a stablemate of heavyweight champion Floyd Patterson, was on hand to interview Sonny for a Spanish-language paper.

Did Liston consider Torres a spy?

"I know Jose for a long time," said Liston. "Look, I box (in the gym) some guys I'm going to fight."

After a short pause, he added, "Patterson can come up here, too, if he wants to."

Patterson, training some 30 or 40 miles down the road, was not expected to take advantage of the invitation.

Are you going for a knockout? "That's my plan," said Sonny. "I'm going to cut it short. One way or the other, the fight is going to end short."

3RD OR 4TH ROUND

When a fellow told Sonny it was customary to pick a round when he predicts a victory, Liston said, "Make it three or four rounds."

Liston recently was turned down by the New York State Athletic Commission when he applied for a license. He said he wasn't surprised because he had been led to expect it.

"I don't care where we fight," he said. "I don't feel bad about being turned down in New York."

"Not when some other states showed how much they wanted you? Isn't that what you mean, Sonny," his attorney said. "Yeah, that's it."

"Nothing worries you, is that right?" a fellow asked.

"Uh, uh."

PACKERS HAVE HUGE SURPLUS

GREEN BAY, Wis. (AP)—The National Football League champion Green Bay Packers, who started on a hunch and a handout 42 years ago, now have more than \$500,000 in the bank.

The hunch was that of the club's organizer and first coach Earl L. (Curly) Lambeau. The handouts came from a packing company, a moving van firm and women's clubs.

The packing company brought the first uniforms, and the movers donated padding which was used to keep the players warm until women's clubs held tag days to buy blankets.

General Manager and Head Coach Vince Lombardi reported to stockholders of the non-profit Green Bay Packer corporation Wednesday night that net profits of the club in 1961 were \$175,075—highest in the club's history. He said that the net profit—more than 50 per cent above 1960—brought the team's surplus to \$573,141.

Lombardi noted that total operating income for 1961 was \$1.5 million, a far cry from the club's shoeing beginning when a hat was passed to pay expenses of the non-profit group.

The club continues to operate on a non-profit basis and keeps its surplus for possible future needs. It pays no dividends. It has several thousand stockholders, most of them residents of Green Bay.

NEW YORK (AP)—An investigation of boxing touched off by the death of former welterweight champion Benny (Kid) Paret has gotten underway with closed session interviews of principals in the fatal Paret-Emile Griffith title fight.

The probe is being conducted by a state legislative committee.

Nine members of the 1961 Syracuse football team have signed professional contracts.

U.S. WILLING TO SHARE ITS BOMB CONTROL

By JOSEPH E. DYNAN

ATHENS, Greece (AP)—The United States was reported today to be willing to share control of its nuclear warheads in Western Europe with a politically strong European union that includes Britain.

The U.S. position was described as a new approach to the years-old discussion of giving the North Atlantic Treaty Organization an independent nuclear strike force.

Qualified Western sources disclosed the new U.S. ideas as foreign and defense ministers prepared to open NATO's annual spring meeting. The defense ministers were to meet this afternoon to study weapon and production problems, among others. The foreign ministers open a three-day review of the allied defense position Friday.

BIG STRIKE FORCE

During the past 18 months numerous proposals for a supranational nuclear strike force for the Atlantic alliance have been able to solve the key question: "How many fingers on the trigger?"

Only two fingers are envisioned in the concept of American partnership with the European political union that is the ultimate aim of the six-nation European Common Market. A qualified Western source reported that Washington now was using nuclear armament as an inducement to the six nations — all NATO members — to get on with their political negotiations and to include Britain.

In the view of some Americans, an American offer to share nuclear control with a European authority would achieve these ends:

DEFENSE POLICIES

1. Encourage West Germany and France to let Britain into the Common Market and speed formation of a political authority to manage the Common Market's foreign and defense policies. Britain has started negotiations to join the highly successful economic union and professed a desire to participate in its concurrent political discussions. France and West Germany want to keep Britain out of the political discussions until the economic negotiations are complete. The political talks have bogged down because of Dutch and Belgian refusal to proceed without British participation.

2. Satisfy the West German desire for nuclear armament and forestall the French drive for a separate national nuclear strike force.

3. Give smaller states a voice in nuclear decisions within the NATO framework.

HOWARD'S HR GIVES YANKS ANOTHER WIN

By JIM HACKLEMAN

Associated Press Sports Writer

"They can't get me out."

That's Elston Howard's credo. The rangy New York Yankee catcher doesn't say it with cockiness, but with quiet confidence. It was his simple explanation last year with his dazzling .348 average, and again this spring when he started off the season in rapid-fire style.

Now, after a slight skid, Howard is hot again. He powered the Yankees over the Chicago White Sox Wednesday night, 4-3, with a ninth inning homer—his second in as many games and fourth of the season. It was the seventh successive victory for the Yankees now 2 1/2 games to the front in the American League.

In the other AL night game, Kansas City cut loose against Detroit and outscored the Tigers 12-8. Prize rookie John Powell smashed a pair of two-run homers for Baltimore as the Orioles beat Minnesota 6-5 Wednesday afternoon. Bad weather knocked out the two other games on the schedule—Boston at Washington and Los Angeles at Cleveland.

CHECKED YANKS

White Sox rookie Joel Horlen (1-2) turned back Howard's first three times up and held the Yanks to five hits as he took a 3-2 lead into the ninth. Then Yogi Berra opened up with a double and Howard promptly cashed in on his last chance with an opposite field homer into Comiskey Park's right field seats.

Yankee starter Ralph Terry doled out only three hits but trailed 3-2 when he gave way in the seventh to Jim Coates (2-0), who checked the White Sox on one single over the last three innings. Al Smith was the nemesis for both New York pitchers with a triple, single, two runs batted in and one scored against Terry and the lone hit off Coates.

The Athletics whacked left hander Don Mossi (2-3) and reliever Sam Jones for 11 hits and 10 runs in four innings and wound up their barrage against Ron Kline. Gino Cimoli kept up his belting for the A's, opening their seven-run second with a triple, climaxing it with a two-run double, and adding another double later.

15 HITS

All told Kansas City banged out 15 hits—including homers by Norm Siebern and Wayne Causey. Al Kaline and Dick Brown had a homer plus two singles each for the Tigers, while Bill Bruton hit a homer and a Jake Wood counted three singles. Rookie John Wyatt (2-1) picked up the victory in relief.

Almost lost in all the slugging was Vic Wertz's fifth straight pinch hit, tying the league record. The 37-year-old Tiger matched the mark in the seventh with a single.

Powell, 20, bombed his first two major league homers and decided the Orioles' close one over the Twins. He poled a 370-footer to right against southpaw Jim Kaat (1-3) in the third and gave Baltimore a 6-0 lead with a 340-foot homer to left off right-hander Ted Sadowski in the fifth. Jackie Brandt drove in the Orioles' other two runs with a bases-filled walk and a triple, and also hit a double.

Skinny Brown (1-2) was the winner with help from Dick Hall. The Twins chased Brown with a four-run spurge in the sixth and Don Mincher put them even closer with a homer off Hall in the seventh.

Derby Horses Are All Sizes, Shapes

LOUISVILLE, Ky. (AP)—Kentucky Derby winners, like beautiful women, come in all shapes and sizes. And it doesn't figure to be any different Saturday when a hand-picked field of 3-year-old horses break from Churchill Downs' barrier in the 88th running of the \$125,000-added turf classic.

If you like your horses tall and rangy with plenty of muscle in the hind quarters and with a broad chest, then our choice for America's No. 1 gladiator race should be either Mr. Moody Jolley's Riden or Fred Turner Jr.'s Sir Ribot. Each weighs close to 1,100 pounds.

C. T. Chenery's Sir Gaylord, the 8-5 favorite, is not as heavy as either Riden, the 5-2 second choice, or the well liked Sir Ribot.

CICADA IS SMALLER

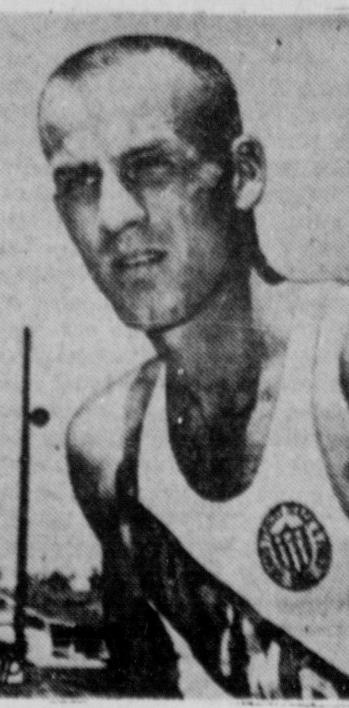

If you prefer a horse slightly smaller but with all the personality of a young lady capable of matching her ability against the best of the males, then look no farther than Cicada, stabled at Sir Gaylord's. She stands 15 3/4 hands. The only drawback is that she probably will not be in the starting field.

Trainer Casey Hayes said she will be a Derby starter only if something happens to Sir Gaylord.

Smallest horses in the field, outside of Cicada, probably are Verne Winchell Jr.'s Donut King and Crimson Satan, the 1961 two-year-old champ from Peter Salmen's Crimson King Farm.

William Henry Harrison was the oldest U. S. president to take office. He was 68.

Lawrence Cites Importance Of Good Relations With Other Countries After Recent Trip

(Editors: The following is a first person story written by Gov. Lawrence giving his impressions of his month-long trip around the world.)

By GOV. DAVID L. LAWRENCE
HARRISBURG (AP) — I have just come back from one of the most encouraging journeys I have ever made to other nations.

When our party of eight American governors left this country a month ago, I think all of us were wondering exactly what kind of conditions we would find in Japan. Our purpose was a simple one: We were visiting Japan to compare notes with public officials, labor and industrial leaders and most of all, with a cross-section of the Japanese people.

The trip—arranged by the U.S.

Department of State and financed by the department through the governors' conference—was an investment in good international relations. I think everyone concerned will agree that it can pay substantial dividends.

"YANKS, NOT OGRES"

It was a coincidence, of course, but I was very pleased to read—during the trip—of Attorney General Robert Kennedy's talk before a group of newspaper publishers in New York in which he strongly urged American citizens to become better advocates of democracy in their trips abroad. I am certain every member of the group of governors and the vast majority of the Japanese people would agree with him.

The value of our trip to Japan was, primarily, in letting us get acquainted with ordinary citizens—and in letting them see that we were not the ogres our enemies paint us to be.

Whenever we turned in our brief stay, we found men and women of the area eager to know us and shake hands. They were hungry for information about America and Americans—a reflection, I think, on the rehabilitation efforts we have made in Japan ever since the war, and the sensible humane treatment of our wartime rivals.

WELL RECEIVED

We found this spirit prevailing throughout Japan—in Hiroshima, where we received one of the most enthusiastic welcomes of our entire stay; in Tokyo, where hundreds of men, women and children talked with us, grasped our hands and waved from the side streets; or in Kanagawa, or Hyogo, where government workers literally snowed us under with questions about "the way things work in the United States."

There were many highlights during the tour of Japan—but none of them was greater than the friendly groups of school children who constantly greeted us along the way or the farm families in Kanagawa who seemed delighted to show us their crops and talk about their farming methods.

NEED FRIENDLY RELATIONS

I think each of the governors who made the trip came home with a far greater knowledge of the need for friendly relations between our country and other nations. It has been said so often that we almost take it for granted, but the truth is that the world has become smaller and we have all become, in the most real sense of the phrase, next-door neighbors.

The problems that confront our own people are very similar to those that concern the people of Japan or India, Italy or Great Britain. As I traveled from Japan on a hurried trip around the world, I found the overwhelming desire of the world's citizens for an honorable and lasting peace.

CONFIDENCE IN JFK

I found, too, that there is great confidence abroad in the leadership of President Kennedy and the American government. Without exception, I found the people of the countries I visited far more hopeful of the prospect for peace than I had anticipated.

I believe that America is sounding a strong call for universal peace—but it will be a peace without sacrifice of principle or preparedness. The people of the free world understand that—and they are responding to the leadership of our country with increasing support and enthusiasm.

MUCH GOOD WILL

If we are to build upon this great reservoir of good will that already exists—if we are to dispel the rumors and the dark fears that have been planted by those who profit from the people's distrust of America—then we will have won a major part of man's struggle for freedom and a peaceful life.

Attorney General Kennedy is absolutely right when he says that no one speaks more clearly or more persuasively for America than those who live by its principles.

The American people are the greatest and most eloquent spokesmen Democracy can possibly have.

Once the people of the world have come to know us for what we are—an uncommon nation of common men and women, a nation of skilled workers and industrialists, teachers and students, liberals and conservatives—a truly democratic nation reflecting many shades of political belief, every religious faith, every race and nationality—then they will see America plain and not through the dark glass of propagandists.

There is no greater weapon in the war for the minds of men than an American citizen who has pride in his own country, in its achievements and its goals.

COLLECTION OF SCOTS

FREWSBURG, N. Y. (AP) — Melvin Heenan, a high school art teacher, has a collection of more than 1,000 lead-cast toy soldiers representing every Scottish regiment in the British army of 1890. He says they are detailed, true-life miniatures collected during the last 15 years in the United States, France, England and Hong Kong.

(Continued From Page 1)

today. We are perhaps more aware of medicine than ever before, what with its cost under constant debate, and its personnel desperately striving to meet our ever increasing demands for their services. High on the list of essential personnel in medical care is the professional registered nurse. The R.N. is regarded as an integral part of our

health care and certainly her professional judgment, knowledge and skill can weigh the balance when the patient is in a critical condition.

Next week the Commonwealth of Pennsylvania celebrates Pennsylvania Nurse Week. Communities throughout the state take this occasion to pay homage to the dedicated workers whose services are only too often taken for granted. We become acutely conscious of nurses and of their importance to our welfare when we stand in need of their services and find that there aren't enough to go around. There is a real sense of shock when we find that here, in the richest nation in

the entire world, we find ourselves unable to secure a sufficient amount of a vitally important service.

On April 9, 1929, by an Act of the Pennsylvania Legislature known as the Administrative Code, volunteer boards had legal structure in all counties of our state.

In Adams County for many years before that time local citizens were concerned about welfare and in particular child care. In 1909 the first White House Conference on child welfare set the seal of disapproval on the practice of breaking up families because of poverty alone. As an outgrowth of this conference,

the Pennsylvania Legislature in 1913 passed the Mother's Assistance Act, which provided aid in their own homes for indigent widows with dependent children. According to the provisions of this law, monthly payments were made to widows with children under 16 years of age.

Administration of the Mother's Assistance program was in the hands of unpaid county boards of trustees. Half of the funds for this were derived from the state and half from the county.

Soon after this act was passed Adams County's board was organized with the assistance of the late state Senator

William Beales in the home of Mrs. William Arch McClean. Other members of the first board were Mrs. William Himes and Mrs. W. S. Adams.

Over a period of 33 years Mrs. McClean gave of her time and was the proud owner of commissions from seven governors. This unpaid and volunteer service of Mrs. McClean has not been surpassed.

Even though the structure, titles and personnel have changed in the last 50 years, one fact has remained constant. There have been scores of persons who have served thousands of hours in our county to give of their time to guarantee that those in need

of financial help do receive it.

The Adams County Board of Assistance is one of the many boards giving of their time, operating under a commission from the governor and for which no member receives pay. The current membership of the Adams County Assistance Board includes:

Allen S. Stauffer, chairman, Biglerville; Evan M. Appler, vice chairman, Littlestown; Mrs. Donald A. Noel, secretary, McSherrytown; Mrs. Joseph H. Riley, Gettysburg; Rev. Charles F. Held, Gettysburg; F. Joseph Sneeringer, McSherrytown; Clyde L. Kennedy, York Springs.

ADAMS COUNTY PUBLIC LIBRARY

MEMORIAL BOOKS
Mrs. W. R. Schubart

Books are often donated to the library as memorials to deceased friends. It is a nice way to perpetuate the memory of a loved one, and to benefit the library and its readers as well.

Some people donate money, leaving the selection of books to the librarian; others like to select titles which reflect the interests of the departed friend. In either case the librarian writes to notify the bereaved family, and a special bookplate, indicating to whom the gift is dedicated and who the donors are, is inserted in the fly-leaf of the book.

A number of books have been received in this manner by the Adams County library since January. A total of \$85 was sent in by friends of the late Mr. and Mrs. C. Clinton Bream, former residents of Gettysburg. Since their son is an educator, all of this money was marked for the children's collection.

HONOR TRUSTEE

For John D. Anderson, a former library trustee, the following three books were designated: "Eighteenth Century Travels in Pennsylvania and New York," by the naturalist, Grevecoeur, "The Field Book of Natural History" by Ephraim L. Palmer, and "Small-fruit Culture," by J. S. Sheldon, a gift of the Torch Club.

Friends of Mary Hartman Ward donated a \$5 book in her memory. In memory of Romaine Wilson Holloway, \$10 was received, marked for children's books, and for Mrs. James Donahoe, mother of Mrs. Edmund Thomas Jr., the library selected "A Treasury of American Speeches" by Charles Hurd.

Many books on music and jazz were contributed to the memory of Richard S. Codori who particularly loved music. These books are: "The Story of Jazz" by Barry Ulanov, "The History of Jazz in America" by Sigmund Spaeth, "The History of Popular Music" by Ray M. Lawless, "Folksingers and Folksongs of America," and Paul Henry Lang, "100 Years of Music in America." Professor Lang is professor of music at Columbia University and a recognized authority on musicology.

OTHER DONATIONS

The local chapter of the NCCW gave two books in memory of Mrs. Richard Eberhart, "American Catholic Etiquette" by Kay T. Fanner, and the "Memoir of Mary Ann," edited by Flannery O'Connor. The latter is the story, told by Catholic hospital sisters, of a youngster, a victim of cancer, who inspired many people by the light of her own life. Other books given for Mrs. Eberhart are: "The Cardinal Spellman Story," "Conversations with Cassandra" by Mary Madalena, "Botticelli" by G. C. Agan, and "Living Reptile: of the World," a book which reflects the interests of her son.

The family of Rev. A. W. Geigley specified that tributes be sent in the form of donations to the children's book collection. For his memory, \$105 was received, including contributions from the Fairfield Joint School faculty and the Presbyterian Church choir. For his wife, Mrs. A. W. Geigley, \$25 was received, and their own church sent in \$143 as a memorial to both of them.

However, books are sometimes donated for other reasons than death. The Gettysburg branch of AAUW, for instance, gave a book this year to honor one of their current outstanding speakers.

New Bill For 82 TV Channels

WASHINGTON (AP)—A bill to require that all new television sets be built to receive 82 channels was passed by the House Wednesday and sent to the Senate.

The 279-90 roll call vote followed a voice vote of approval in the House Tuesday.

The measure would require television set manufacturers shipping in interstate commerce to provide for reception of the 70 ultra high frequency channels as well as for the 12 very high frequency channels most commonly used.

At present there are only 103 UHF stations, whereas the 70 UHF channels would provide room for 1,544 stations.

Employee Caught In Draw Bridge

MIAMI, Fla. (AP)—A city employee was injured seriously when he became trapped and squeezed in the mechanism of a draw-bridge.

It took firemen and police about 20 minutes to free the man, Henry Williams, 39, Wednesday.

Williams was helping to clean a pit beneath the bridge when a signal sounded and the span was raised. His co-workers said Williams started climbing a ladder to the bridge surface instead of flattening himself against a wall.

Average maximum April temperature in Ouagadougou, Upper Volta, is 106 degrees.

Gun Under Counter Since '22 No Good

SAN JOSE, Calif. (AP)—Sam Bozzi Jr. grabbed a pistol from under his grocery counter Wednesday and chased a holdup man fleeing with \$20 from the cash register.

Bozzi pulled the trigger three times. The gun didn't fire. Afterward Bozzi recalled the gun had never been fired since his father bought it and put it under the counter in 1922.

Police caught and booked Glen Olan Reeves, 33, of San Jose on suspicion of the robbery.

THOMAS E. PIPER
Area Marketing Agent

It's apple blossom time in South-central Pennsylvania, a flowering promise of plentiful fresh fruit supplies in another season. The same warm weather which has stimulated the fruit trees has also hastened the growth of vegetable crops, observes Tom Piper, Penn State extension marketing agent.

Asparagus, artichokes, green peas and green onions or scallions are excellent buys in fresh vegetables this week. The New Jersey asparagus crop is second in size to California and, from now until the Fourth of July, harvesting will be steady. Present indications are favorable for good yields and good quality.

Artichokes have seldom been as low priced in recent years, an opportunity to serve something new and different. Movement of cabbage is now in about normal volume, and prices have settled down from the high levels that prevailed for several weeks. Escarole, radishes, spinach, dandelion, mushrooms, carrots and new crop white potatoes are economically priced.

APPLE DEMAND GOOD

The celery market remains fairly high on account of short supplies in California. Lettuce continues to show a very wide range in quality and price. Cucumbers, peppers, and tomatoes are in light supply and priced accordingly.

Demand for apples has continued very satisfactory for the past month and prices have increased moderately on better quality fruit. The banana market appears to be weakening slightly in spite of importers' efforts to hold prices up on best quality fruit. Grapefruit, avocados, and Valencia oranges are considered good buys at the fruit counter. Shipments of Florida watermelons and Mexican cantaloupes are on increase.

Fresh pork picnics, Boston butts and roasts will share the promotional spotlight with beef rib, chuck roasts and ground beef. Broiler-fryers and turkeys are in plentiful supply and worthy of consideration.

Large size eggs have experienced a post-Easter price drop to a seasonal low on the wholesale market. Other excellent food buys include dairy products, canned peaches, honey and vegetable oils.

Jeweler Leaves Money To U.S.

NEW YORK (AP)—A jeweler's will directs that his \$250,000 estate go to the United States government after the death of his mother, who is in her 80s.

"I make this bequest in appreciation of the freedom and liberty afforded in this country to all citizens irrespective of race, creed or color," wrote William Berns, who died April 20 at the age of 59. His will was filed for probate here Wednesday.

K-9 Corps Goes Out Of Existence

LANCASTER, Pa. (AP)—The Lancaster police department's K9 Corps went out of existence Wednesday with the resignation of Patrolman Herman Simms, fifth man to quit the duty in two years.

Simms told Chief Al Farkas his partner, Shadow, chewed up the upholstery of his personal car and also brought frequent complaints from neighbors because of constant barking.

Farkas said the resignation spelled the end of the corps. Two men are needed to run it and only one remains, he said.

21 Killed While Crossing Wall

BERLIN (AP)—Since the Communists built the wall through Berlin, at least 21 people have been killed trying to escape across it, the West Berlin government reported Wednesday.

The figure covers the period since last Aug. 13, the day the Communists closed the border inside the city. Work on the wall began at that time.

METEOR IN SKY

ATLANTA, Ga. (AP)—A meteor-like object blazed across the sky from west to east over the Southeast Wednesday night.

Karl Hujer, professor of astronomy at the University of Chattanooga, said the object probably was a meteor belonging to the orbit of Haley's Comet, due to be seen again in 1965.

The POWER of FAITH

It seems to be in man's nature to seek understandable expression in the form of symbols for great religious concepts and experiences. Both the Old and the New Testament abound with religious symbolism: Satan represented by a serpent; Christ by a lamb; and other symbols—the cross, the star of David, the burning bush, the dove, tongues of fire.

Christians have found symbolic meaning in architecture, too. The pointed arches common to Gothic churches and the pointed steeple both recall hands raised in prayer.

The number of panels in doors and windows have meaning also—two panels to represent the old and new testaments, three for the Trinity, four for the evangelists.

All are suggestions of our deepest beliefs, our power of faith.

FERRER EAGER TO RECONCILE

By JAMES BACON
AP Movie-Television Writer
SANTA MONICA, Calif. (AP)—Jose Ferrer, after hearing Rosemary Clooney accuse him of infidelity while siring five children at home, answered her by pleading for a reconciliation.

"I'd come home tonight," Ferrer said.

His blonde wife tearfully testified Wednesday in their contested divorce trial that the Oscar winner had "affairs with other women from the beginning of our marriage."

Asked to comment on Ferrer's desire to come home, Miss Clooney, 33, answered: "I guess he would, if he could—and that's my only comment."

The trial is in recess until Tuesday.

ALL ARE CONFUSED

Superior Judge Mervyn Aggeler suggested that both sides use the time to resolve their tangled financial situations.

"From what I've heard," the judge said, "both parties are as confused as the court."

Both Ferrer, 49, and his wife have given graphic accounts of how it is possible in Hollywood to earn millions and still be broke.

Miss Clooney, for instance, testified that she grossed \$305,613.43 in 1955 and wound up with a 10 profit for the year of \$4,190.38.

And that, apparently, was one of her better years because during eight years of marriage she grossed a total of \$2,660,667.97—and now owes \$63,632.99.

"Besides being insolvent," she said, "my doctor told me a week ago that I have an ulcer."

Legion And VFW Oppose Curb Of National Guard

INDIANTOWN GAP, Pa. (AP)—Two of Pennsylvania's most powerful veterans' organizations—the American Legion and Veterans of Foreign Wars—were officially on record today opposing a Defense Department proposal cutting the National Guard.

The Legion and VFW joined with eight other veterans' groups Tuesday in protesting the controversial cutback in telegrams to State Adjutant General Malcolm Hay.

"In keeping with the mandates of the Veterans of Foreign Wars... the officers and members of the Department of Pennsylvania urge you (Hay) to most vigorously oppose with all the implements at your command the recently proposed cutback," declared John T. Radko, commander of the state VFW.

OFFER SUPPORT

A similar telegram was sent by George Bruno, state Legion commander. It read:

"You have the complete support and cooperation of the American Legion, Department of Pennsylvania, in opposing the proposed elimination of 19 units of the Pennsylvania Army National Guard."

Hay has been fighting the proposal since it was first announced last week.

The Defense Department seeks to reduce the National Guard by 37,000 men and the reserves by 21,000 men. The proposal would chop about 2,000 men from the Pennsylvania National Guard.

On Monday, Maj. Gen. Henry K. Fluck, commanding officer of Pennsylvania's famed 28th Infantry Division, voiced his opposition to the proposal.

"The department is making a potentially fatal error in underestimating the possibility of all-out nuclear war," Fluck said.

Also supporting Fluck's stand were these state veterans' organizations:

Society of the 28th Division, American Expeditionary Force; Pennsylvania Armvets; Marine Corps League; Catholic War Veterans; Veterans of World War I; Military Order of the Purple Heart; Jewish War Veterans; and Italian-American War Veterans.

Gov. Lawrence, who has been on a world tour since the order became a national issue, has not yet commented on it. He is due back today.

Governors in several other states, however, have already opposed the move.

Gov. Hughes' Baby Is Seriously Ill

PHILADELPHIA (AP)—The infant son of New Jersey Gov. Richard J. Hughes, born last Sunday night, was reported in serious condition today in Children's Hospital suffering from what attendants described as a "respiratory illness."

The child was rushed by ambulance to Children's Hospital Wednesday night from St. Francis Hospital in Trenton, N.J., where he was born.

A spokesman for the governor said the baby had been suffering from congestion of the lungs since birth but had been kept at St. Francis in hopes the condition would clear up.

The baby was baptized Thomas More Hughes just before leaving St. Francis, a hospital spokesman said.

to send delegates; General Federation convention in Washington in June when Mrs. Earl A. Brown, chosen Pennsylvania Mother of the Year, will be a candidate for the office of national secretary, and of the Penn State conference "In Quest of Peace" in July, a three-day event for the price of \$30 including room and meals.

Mrs. Coble also told the clubwomen present that an exchange student from Pakistan was winner of the Hallmark card district award "America Today" and that every club in Pennsylvania had entered the "Community Project" which will entitle the state federation to a large cash award.

Mrs. Coble spoke briefly to the group on the federation's theme "A Responsible, Responsive Citizen," stating that "every homemaker should be the queen bee in her own hive. She is of necessity the executive vice president and chairman in charge of education, fine arts, secular and religious training and therefore must keep informed." As a reminder of her two-year tenure in office, she presented each member present with a cartoon of "Madame Do-Gooder."

Mrs. Robert Grant Crist, junior international relations chairman, spoke on the program of her committee and gave statistics on literacy, life expectancy and the background of communism in Latin America, which has grown out of hunger, poverty, the caste system and corrupt government, in addition to some United States policies in the past. "Russia did not cause what is happening but merely took advantage of an existing situation many years ago. The greatest new thing in favor of America is the Peace Corps," she said.

The federation program suggests that all club members inform themselves about SEATO, NATO and CENTO and that when voting they study the issue and not just shuffle past prejudices, she said. In closing, Mrs. Crist stated: "You are a member of the largest pressure group, 11 million strong, interested in the good of all" and she enumerated various projects of women's clubs all over the world. She said that the State Department has said that the great idea of the women's clubs have ever had is the current project "Dollars for Scholars" and the "Care Self Help Community Improvement Program." The Women of Pennsylvania Clubs have contributed \$10,000 to these programs.

Following the meeting the women adjourned to Dutterer's Restaurant for dessert and coffee.

SAFETY LESSON

WEBSTER, N. Y. (AP) — After Webster Peace Justice Jack Van Ingen sentenced 21 speeders he invited them to watch a demonstration of the distances needed to stop while traveling at various speeds. Oscar, a sawdust-filled dummy, was thrown onto a road in front of a car driven by an officer. At 60 miles an hour, it took 253 feet to stop the car.

Trio Of County Women, Cured Of Cancer By Surgery, Proof Of Progress In Cancer Fight

Shown above with President John A. MacPhail of the Adams County Cancer Society are three Adams County women who were saved by surgery after being stricken by cancer. They are, left to right, Mrs. Earl Shears, Mrs. Loy King and Mrs. John Rebert. (Ziegler Studio photo)

Courage, confidence, faith and regular medical check-ups are four important factors in the lives of three Adams Countians who continue to enjoy life despite serious attacks of cancer.

Mrs. Earl Shears, R. 3; Mrs. Mrs. John Rebert, Gettysburg, and Mrs. Loy King, Hanover R. 1, were honored guests recently at the Cancer Crusade kickoff dinner in Gettysburg, where each expressed her gratitude to the American Cancer Society for continuing the search for cures and treatments of this frightening disease.

Mrs. Shears was declared cured of cancer in 1960 by American Cancer Society doctors.

Mrs. Rebert underwent surgery for a colostomy in 1955 and, although she still reports once a year for clinical checkups, is considered cured by local medical authorities. She appeared every six months for observation for several years following her operation and has been on a yearly schedule since 1959.

MOTHER OF THREE
Mrs. King was 24 years old and

praised the work of crusade volunteers "who are doing such a wonderful job in supporting the cancer program."

Mrs. Rebert said: "The local clinic provides a great service to patients whose long illnesses cause tremendous expenses for their families."

Sixty cents of every dollar collected in Adams County during the campaign remain in the county for local services. Assistance is available to patients upon recommendation of their physicians.

All three of these cancer victims agree that cancer research, specially trained doctors and treatment clinics must be expended in order to preserve more lives, and all advise regular checkups.

PROPOSE U.S. EXHIBITION IN 2 RED CITIES

WASHINGTON (AP) — The United States has proposed to the Soviet Union that an American exhibition be held in Moscow and Leningrad in view of the scheduled Soviet participation in the 1964-65 New York World's Fair.

The proposal follows the recent unexpected cancellation of plans for a world's fair in Moscow in 1967 on the 50th anniversary of the Bolshevik Revolution.

The cancellation deprived the United States of an opportunity to put on a national exhibition in the Soviet capital such as the Soviet Union is presumed to be planning for the World's Fair in New York.

A few days ago the State Department, it was learned Wednesday, sent a note to the Soviet Embassy proposing an American exhibition in the Soviet Union at a mutually agreeable date to match the Soviet exhibit at the New York fair.

Last March 2 the Soviet government signed a contract for 78,000 square feet of space at the New York fair grounds at a rental cost of \$468,000. The contract contained a provision for cancellation unless the State Department within 60 days gave the Soviet government a statement of intention to participate in the 1967 Moscow fair.

In mid-April, before the United States had sent the letter of intent, it was announced in Moscow that the 1967 fair would not be held.

The largest field ever to start in the Kentucky Derby was in 1928 when 22 thoroughbreds went to the post.

Scientists Determining How Much Small Doses Of Fallout Will Hurt Humans

By ALTON BLAKESLEE
Associated Press Science Writer

OAK RIDGE, Tenn. (AP)—Outside, rain pattered down. A frightened mother kept her children home from school. Rain, she believed, would bring down deadly amounts of radioactive fallout.

Other parents at times of nuclear tests, and even long afterward, won't allow their children to drink milk for fear it is contaminated with radioactive iodine that would give them thyroid cancer.

Scientists are generally dismayed over such extreme reactions to real or potential hazards in fallout.

EFFECT ON ANIMALS

They know what happens to animals given pretty good wallops of radiation, or big doses of strontium-90 or radioactive iodine. They know, for example, that strontium goes to bones, and can produce bone cancer in animals. But it takes 1,000 to 10,000 times the amount of strontium represented so far in fallout to produce the bone cancers in animals.

Still, that gives them cause for caution about what the far more tiny doses from fallout might do to humans over the years. But the scientist's phrase of "might be hazardous" is sometimes taken to mean any amount will be hazardous.

Federal radiation experts have established what they believe are sound safety limits regarding special-threat fallout atoms. These are the maximum amounts of radioactive strontium, iodine, or cesium which they believe a person could take in or be exposed to daily and still not be harmed. Fallout in the air, in milk or food, rarely has exceeded these limits, and then only for brief periods.

But they cannot offer absolute proof of no bodily harm from test fallout. Full knowledge about such

radiation is lacking.

This uncertainty creates an issue in discussions of the need for nuclear testing, the moral right to test, and the fear that testing enhances prospects of ultimate war.

New research experiments are aimed at learning what the somatic or bodily effects of low-level, chronic radiation may be.

One project being started here at the Oak Ridge National Laboratory by a team of specialists will involve a colony of 100,000 mice, quite apart from the mice used in genetic studies.

Hundreds of thousands of mice will be exposed to various dosages of gamma rays from radioactive cesium over periods of days to months.

REGULAR EXAMINATIONS

Then they will be observed and examined during their lifetimes—normally about two years or so—to see if they live less long or get more cancers, leukemias and other ailments than mice not so exposed, explains Dr. A. C. Upton, a pathologist and physiologist.

Little is known about the long-term effects of low amounts of external radiation, he adds. Mice here will receive total dosages of five to 50 roentgens. That is about as low an amount as it is practical to give and still hope to see any measurable results among hundreds of mice.

It is already known that a dose given at a low rate generally has no more than one-quarter to one-third the effect on mice as the same amount given rather rapidly.

Life shortening from radiation has been observed so far in mice, Dr. Upton adds. But little information is available about animals larger than mice, and about humans.

NEW MEASURE GIVE STATE UP TO \$1 MILLION

HARRISBURG (AP)—Pennsylvania stands to receive up to \$1 million from the federal government starting next year for aid to educational television under a new bill signed by President Kennedy.

Both U.S. Sen. Hugh Scott, R-Pa., and Dr. Charles H. Brehm, state superintendent of public instruction, hailed the bill Tuesday as an important step in the Commonwealth's educational TV plans.

The measure, signed Tuesday, will help Pennsylvania bring educational television to every school child in the state, declared Scott in a statement from his office in Washington. Scott was co-sponsor of the bill.

MATCHING BASIS

However, he pointed out, the funds would be made available only on a matching basis. This stipulation will force the state to wait until next year to take full advantage of its benefits.

The law itself did not carry an appropriation. It is the enabling legislation for a bill now before Congress proposing \$32 million for educational television grants throughout the country.

Boehm noted however that there is no money available at the state level to match a federal grant.

The state legislature authorized the Department of Public Instruction to proceed with plans for a statewide education TV network last year, but failed to put up any money.

ON LOCAL LEVEL

Dr. Marcus Knock, director of the Bureau of Instructional Materials and Mass Media, said there might be some matching money on the local level, either from school districts or operators of educational stations.

Candidates For Governor Stepping Up Their Drive

By RICHARD L. GRAVES
HARRISBURG (AP) — Pennsylvania's two organization-backed candidates for governor are following a time-tested political practice in their primary campaigns—ignore the opposition.

With only two weeks left before the May 15 Democratic and Republican primaries neither of the organization choices — Democrat Richardson Dilworth and Republican William W. Scranton—has acknowledged the existence of any other candidates for their parties' respective nominations.

In fact, they are concentrating their fire on each other, a la fall campaign.

Scranton is opposed by J. Collins McSparran, master of the Pennsylvania State Grange. Dilworth is opposed by Harvey F. Johnston, McKees Rocks real estate and insurance broker, and Charles J. Schmitt, Girard, who describes himself in his campaign literature as "financially poor and would appreciate your vote."

BATTLE IN FALL

What Dilworth and Scranton are saying about each other could be a dress rehearsal for lines they will recite in the fall.

Scranton told a Norristown audience April 26 that Dilworth, former mayor of Philadelphia, is "a reformer who turned protector of corruptors."

Said Scranton:

"This man Dilworth rode into office as mayor behind the white banner of reform. But in the last period of his reign he was the greatest protector of the corruptors and the bribers."

Dilworth counter-attacked at Gettysburg on the alleged bribery accusation:

"It was discovered by my administration, the people responsible were rooted out and we recovered."

Queen, Judy, Dr. Ben Casey Compete For Emmy Awards

HOLLYWOOD (AP)—It's Queen Victoria against Judy Garland — and Dr. Ben Casey shouldering his way through the crowded competition close behind them — as Emmy time comes again to television.

The nominations are in, and secret ballots to be cast by 6,000 members of the National Academy of Television Arts and Sciences will decide who will win the coveted awards at a May 22 telecast.

The 137 nominations — for 26 categories — were announced Tuesday.

Leading contenders for the 1961-62 Program of the Year honors are Judy Garland and the "Victoria Regina" biography of Queen Victoria, which starred Julie Harris. Miss Garland won a bid for her February 25 special.

8 NOMINATIONS

Ben Casey, ABC's young surgeon, won eight nominations, including a nod for the young star, Vincent Edwards.

Many of the famous old names of television — Jack Benny, Robert Young, Bob Hope and Dinah Shore — didn't get a tumble. A lot of eager youngsters skyrocketed into the top competition.

There was an emphasis on the documentary, news and public affairs program. Of the five Program of the Year nominees, three were in this area: "Biography of a Bookie Joint," "Vincent Van Gogh," and "Walk In My Shoes," a study of racial integration.

The ABC-TV network emerged as a top contender. Last year the network gathered in four nominations. This year it won 35. NBC-TV got 54 and CBS-TV 45.

SIMILAR SWEEP

In the dramatic field, "Victoria Regina" promised to make a sweep similar to that of last season's "Macheth." The Harris vehicle scored in seven categories.

In addition to the program honor, Miss Garland also was in the running for the best musical performance—along with Perry Como, Yves Montand, Carol Burnett and Edie Adams. The Garland show was also up for best variety program, with the shows of Perry Como, Walt Disney, Edie Adams and Garry Moore.

Miss Harris is up for best single performance against Geraldine Brooks for "Call Back Yesterday" ("Bus Stop"). Susan Pleshette for "Shining Image" ("Dr. Kildare"); Inger Stevens, "The Price of Tomatoes" (Dick Powell Show); Ethel Waters, "Goodnight, Sweet Blues" ("Route 66").

OTHERS IN RACE

James Donald as Victoria's consort is in the race for best single performance against Milton Berle "Doyle Against the House" (Dick Powell Show); Peter Falk, "The Price of Tomatoes" (Dick Powell Show); Lee Marvin, "People Need People" (Alcoa Premiere); Mickey Rooney, "Somebody's Waitin'" (Dick Powell Show).

"Victoria Regina" also was nominated for best dramatic program along with "People Need People" and the series "Ben Casey," "The Defenders," the Dick Powell Show and "Naked City."

Only way to get along with some people is to get along with other people.

Wedding

MRS. GROFT

Miss Janet Marie McSherry, daughter of Mr. and Mrs. Rodney C. McSherry, and Larry Eugene Groft, son of Mr. and Mrs. Eugene Groft, Hanover R. 4, were married Saturday at 9 a.m. in Annunciation of the Blessed Virgin Mary Catholic Church, McSherrystown, in a Nuptial Mass. Rev. Richard F. Hartnett was the celebrant and conducted the double-ring ceremony. The altar was decorated with pink snapdragons, white carnations and palms. The children's choir provided music, accompanied by Mrs. Bernard Henry. William Buehrle was soloist.

Given in marriage by her father, the bride wore a full-length gown of lace and tulle. The fitted bodice had a scoop neckline trimmed in sequins and pearls. The bouffant skirt was of tulle ruffles, edged in lace and terminated in a chapel train. Her headpiece was a crown of pearls and sequins, attached to a bouffant veil. She carried a prayer book, a gift of the bridegroom, topped with a white orchid and streamers of flowers d'amour and fern.

Mrs. Albert Neiderer, McSherrystown, sister of the bride, was matron of honor. Her dress, of street length, was of open blue silk organza, fashioned with a scooped neckline, short sleeves and crushed cummerbund. The back was accented with a bouffant bustle topped with a self-color flower. Her headpiece was an open pillbox with matching circular tulle veil. She carried a front-line bouquet of white daisy pompons with blue feathered carnations.

nations.

The bridesmaids were Miss Carolyn Poist, Hanover R. 5; Miss Jean Marie Groft, Hanover R. 4, sister of the bridegroom, and Miss Sandra Robinson, New Oxford. Their gowns were of light blue, styled like the honor attendant's. They wore white gloves and carried front-line bouquets of red and white feathered carnations. All wore strands of pearls, gift of the bride.

Miss Diane Groft, Hanover R. 4, sister of the bridegroom, and Miss Michelle Marie Neiderer, McSherrystown, the bride's niece, were flower girls. Their gowns were of white silk organza with blue cummerbunds. Their headpieces were floral wreaths. They carried white net baskets with flowers like those of the other attendants.

Philip Meckley, Hanover, was best man. Ushers were Ronald and Gerald Groft, Hanover R. 4, brothers of the bridegroom; Albert Neiderer, McSherrystown, and Robert Kahlbaugh, Arlington, Va.

A breakfast was served to 40 guests at the Victory Restaurant, Hanover. A reception was held Saturday evening at the McSherrystown Moose Lodge. Following a week's wedding trip the couple will reside at Hanover R. 4. The bride's travel attire was a grey linen suit with black accessories and white orchid corsage. Mrs. Groft is a 1960 graduate of Delone Catholic High School and is employed as receptionist for Dr. George E. Thomassy, Hanover. Mr. Groft is a 1957 graduate of Delone. He spent two years active duty with the U. S. Navy. He is employed by Emeco Corp., Hanover. Out-of-town guests at the wedding were from New York, Virginia, Maryland and Utah.

More Power Is Sought For Government To Deal With Emergency Labor Strikes

By NORMAN WALKER
WASHINGTON (AP)—A presidential advisory panel has recommended giving government more power to deal with national emergency labor strikes.

For one thing, the President would have the authority to halt such strikes for an 80-day cooling-off period without obtaining court injunctions. Fact-finding groups appointed by the President would be empowered to suggest settlement terms.

These were the major recommendations in a report handed President Kennedy Tuesday night by his labor-management advisers. If enacted by Congress they would upset provisions of the 15-year-old Taft-Hartley law.

REVISE T-H LAW

The advisory group—made up of seven representatives each from industry, labor unions and the public—called for broad revision of Taft-Hartley law procedures for handling big strikes that threaten the nation's health or safety.

Among the committee members only one industry man, automaker Henry Ford II, dissented from the proposed emergency strike changes. Ford said the present law has worked remarkably well and it would be both unjustified and unwise to give fact-finding boards power to recommend labor dispute settlement terms.

Such industry men as Chairman Joseph L. Block of Inland Steel and John M. Franklin of U.S. Lines and Presidents Richard S. Reynolds Jr. of Reynolds Metals

and Thomas S. Watson of International Business Machines Corp. went along with the plan for overhauling big strike procedures.

1. Emergency dispute boards named by the President not only could recommend settlement terms, they could also call for interim changes in pay and working conditions pending ultimate settlement.

2. There would be a legal obligation to follow presidential stay-at-work orders for 80-day cooling-off periods—without court injunctions as now. This adopts the long-time voluntary compliance procedures contained in the separate Railway Labor Act dealing with rail and airline disputes.

3. The emergency procedures could be applied to only part of an industry, if that were practicable. In the past the law has been invoked generally over entire industries.

4. The present procedure of submitting an employer's final offer to employees for their approval would be eliminated as ineffective. Workers have never voted acceptance of such an offer. Ford agreed with this.

Although many businessmen, following the government's role in the recent steel wage and price controversy, have criticized federal intervention in such matters, the advisory committee said a broader government role in emergency-type bargaining situations is necessary.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP) — Thomas Garrison Morfit had a profound feeling of gratitude this week.

The reason: Thomas Garrison Morfit—better known to millions as Garry Moore—reached a historic milestone in an fabulous career. He performed in his 5,000th national network broadcast.

"All I ask is to be allowed to continue," said Garry, who quit school in Baltimore back in 1935 to become a radio continuity writer.

There is no immediate hurry in the industry to dust off a place on the shelf for Moore. He remains, after 27 years in radio and 12 in television, one of the biggest profit-producing performers in the entertainment field.

MUST BE FORTUNATE

His shows are estimated to bring to Columbia Broadcasting System an annual income of between \$15 million and \$20 million. This puts him on a par with, or ahead of, such other network money-winners as Arthur Godfrey, Art Linkletter, Dave Garroway and Ed Sullivan.

"I must be extraordinarily fortunate," Garry said. "I've never had as much fun as I'm having now. I never get up with a feeling of hating to go to work, as some people do."

"I suppose it's because I'm still a fan myself. I still get a big thrill out of working with people I've admired for years—such as Duke Ellington and Ed Wynn. As a kid, I can remember standing outside a theater in Baltimore to get Ed Wynn's autograph. He's still a hero to me."

WAKE UP RETIRED

This quality of youthful enthusiasm is still one of the greatest assets of Moore, who feels he is lucky to have lasted so long and at present would like to go right on performing forever.

"Of course, you don't really retire in this business," he said with

a wry smile. "You just wake up some morning and find they've retired you."

"Three or four years is an average lifetime on television, and already I figure I'm at least eight years to the good."

Garry has his own theory on how he and his program pals have managed to endure without boring their public.

"Our survival is probably the result of a remarkable lack of being spectacular," he said. "When you are spectacular, you have a skyrocket quality that can become so bright you burn yourself up."

At the ripe age of 47, Garry has this philosophy of life:

"It pays to remember to be grateful, and to forget the idea you have a right to be happy all the time. If you have one really happy hour every day, you're ahead of the game."

At the exchange of rudenesses, the third party stares at her plate and looks to make a quick escape. Thus the meal is spoiled for all, and so unnecessarily. So now that we have established the first rule of good tobacco tactics—asking if nonsmokers mind, before you begin puffing away—let's examine the rest of the code. It reads:

NEVER smoke on the street, while dancing or where no smoking signs are posted.

ALWAYS remove gloves before smoking, guard against letting smoke drift into another's face while smoking and thoroughly extinguish a cigarette after smoking.

And for femininity's sweet sake do avoid dangling a cigarette from your lips and exhaling through your nose.

Ike's Ex-Cabinet Members Recall Regime Highlights

By DAYTON BLAIR
ABILENE, Kan. (AP) — Early efforts to get Dwight D. Eisenhower to run for president. His quick wit. His forthrightness. Statehood for Hawaii and Alaska.

Four members of President Eisenhower's Cabinet pick those incidents as highlights of their years in Washington.

The four—Fred A. Seaton, former secretary of the interior; William P. Rogers and Herbert Brownell Jr., attorney generals, and Neil H. McElroy, secretary of defense, reminisced Tuesday after dedication of the Eisenhower presidential library.

Former secretary of the Treasury Robert P. Anderson also attended the dedication but left immediately.

WANTED BY DEMOCRATS

Brownell said his trip to Paris early in 1952 to try and convince Eisenhower to accept the Republican nomination was his outstanding memory of the Eisenhower years.

Brownell recalled he was sent by Gen. Lucius D. Clay, Henry Cabot Lodge, Sen. Frank Carlson of Kansas and Harry Darby, a former Kansas senator.

"They felt Ike was on the verge of agreeing to do this," Brownell said. "Ike said he hadn't made up his mind."

Brownell said Eisenhower told him some Democrats had sought him for their party's nomination but that if he ran it would be as a Republican.

Brownell was also on the receiving end of barbed presidential wit.

On one occasion, Brownell said, he was explaining a legal brief to Eisenhower, who had asked that it be kept short. After he had talked a while, Eisenhower interrupted with a story in which a man told a neighbor he had half a dozen reasons for not attending church.

"The first was I was excommunicated and somehow the other five don't make much difference," the story went.

Brownell took the hint and cut the explanation short.

LITTLE ROCK EVENT

Use of federal troops during the Little Rock school integration crisis was recalled by Rogers as a major incident in his career.

When he outlined plans for removing the troops by the end of the year, Eisenhower quickly ordered "Go ahead," Rogers said.

"The President gave Cabinet officers complete security and confidence," he said.

To Seaton, a Nebraska publisher and now a Republican candidate for governor, the most important event was statehood for Hawaii and Alaska.

As secretary of the interior, Seaton had been governing official for the two territories.

McElroy remembered launching of the first Soviet satellite.

"The whole world was concerned because the Russians had made this tremendous jump," McElroy said. "About four months later we finally had a successful satellite."

Admiration of the Cabinet members for Eisenhower was repaid by the former President in an off-the-cuff speech.

Extension Homemakers' Week, June 18 to 21, at the Pennsylvania State University, offers women a wide range of activities. Mrs. Helen Tunison, county extension home economist, said today.

All women are invited to attend this tenth annual event. Members of the university staff and faculty and persons off the campus will assist with the three-day program.

Among the 29 interest groups planned for two days is one related to legal aspects in real estate with B. Wayne Kelly, farm management extension specialist, in charge. He will discuss aspects of laws that affect all property and homeowners.

A. O. Rasmussen, extension specialist in ornamental horticulture, will offer aid to homeowners in his session on home landscaping. The interest group on growing better house plants will be led by Mrs. Lynn B. Smith, extension specialist in floriculture.

How to pick the right stocks and when to buy and sell are among the items Richard O. Byers will discuss on investing money. Mr. Byers is a consultant with a State College investment securities company. Other interest groups range from clothing and nutrition to personal improvement and family relationships.

Women interested in obtaining more information may call or write Mrs. Helen D. Tunison, Agricultural Extension Office, Court-house, Gettysburg. All registrations must be made with her before June 4.

MINISTERS TO STUDY N.A.T.O. NUCLEAR PLAN

By GEORGE McARTHUR

ATHENS, Greece (AP) — Foreign and defense ministers of the Atlantic Treaty Organization gathered here Wednesday to appraise NATO nuclear policy, the Berlin situation and East-West relations.

Foremost among the problems facing the 15 nations of the North Atlantic Treaty Organization was the delicate question of control of nuclear weapons, now essentially in the hands of the United States.

U.S. officials expect no agreement to emerge on the various proposals for a NATO strike force armed with American nuclear weapons. They hope some progress will be made.

The chief point at issue is the question of conditions under which the nuclear weapons would be ordered into action and what veto the allies would have over the firing orders.

TO TELL OF U.S.

Secretary of State Dean Rusk reportedly will offer the NATO allies detailed information on the numbers, types, general capability and potential use of weapons in the U.S. nuclear arsenal. The Kennedy administration reportedly hopes the information will reassure the allies and ease the pressure from some of them—particularly West Germany—for speedy

SURVIVOR OF DROWNING IS WITHOUT HOME

LA MARQUE, Tex. (AP) — There was a small chance that Margaret Elizabeth Smith would get to go home today—wherever home may be.

Margaret, 9, is the only survivor of a family of six. Her parents, two brothers and a sister drowned Sunday in Galveston Bay.

There were eight people in the 14-foot boat when a wave from a passing ship tipped it over. Only Margaret and Raymond H. Henry, 30, survived.

Searchers have found the bodies of three children, Mr. and Mrs. Charles Smith and Danny Ray Henry, 12, are missing.

"Margaret may get to go home today, but I don't think so," said Dr. George M. Fleming.

"She was in the water a long time and we have to watch for pneumonia. But she's getting along just fine and won't be here much longer."

No one told Margaret the fate of her parents and Guy Wesley Smith, 18 months; Betty Gail Smith, 7, and Charles Milton Smith Jr., 4.

"We haven't decided whom she will stay with yet," said Edna Young of Amarillo, Mrs. Smith's mother. "We all want her."

TV HAS RETURN TO REAL VIEW OF REPORTERS

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — The Dick Powell Show on NBC Tuesday night — a hunt-and-chase story called "Savage Sunday" — was of special interest on two counts.

It was a pilot film, on the strength of which a network series for next season was sold, to be called "Saints and Sinners." It was also the first television return to the newspaper drama since the good old days of "The Big Story" and those stirring sagas about Steve Wilson, intrepid editor.

Speaking as an old newspaper hand, it gives me great pleasure to report that, judging from the preview, "Saints and Sinners" occasionally will show reporters reporting and writing.

HEROES TOO BUSY

In the other half-hour shows there just wasn't time for this realistic touch. The heroes were much too busy rescuing fair maidens and trapping vicious murderers to bother with typewriters, deadlines or even telephones.

The character haven't changed much over the years, Nick Adams plays the usual brash young reporter, complete with a belted trenchcoat. There's the tough city editor with the heart of gold and, of course, the aging, ailing rewrite man. On top of all this, there was a rather familiar story about a native girl assaulted and terrified by a pair of drunken ruffians.

DENNIS MAY BE BACK

CBS has apparently stalled on putting the projected "TV To

night" variety hour into its next season's lineup, so it is not at all certain that Dennis Weaver will quit "Gunsmoke" after all.

Weaver, who plays Chester, earlier was reported to be leaving the horse opera even if he failed to land as head man in a variety hour. One thing sure, he'd be hard to replace.

Not all the perils of television are over-exposure—being seen too often. There is such a thing as being heard too much—a fate that may be rapidly overcoming Alexander Scourby, whose rich, mellow and highly identifiable voice seems to be heard more than any other on television.

Scourby is, by far, the most popular choice for narrator on those programs which require a fine, smooth dramatic voice—although they rarely show his face. He also does the voice part of a seemingly endless number of different commercials—from mouth washes to automobiles.

Recommended tonight: "Joey Bishop Show," NBC, 8:30-9 (EDT)—Milton Berle is guest star; "A Man for Oona," CBS, 10-11—Tallulah Bankhead in a comedy.

RECORD STILL PERFECT

OKLAHOMA CITY (AP) — Mrs. Cathryn McKee was worried when she entered a hospital that her perfect Sunday School attendance record of nearly 10 years would be broken. The class at the Baptist Church solved her problem. They convened in her hospital room.

WHEN DOZENS FAILED

LARAMIE, Wyo. (AP) — Dozens of cars parked in the student parking lot at the University of Wyoming failed to start when the temperature dropped to -44 this winter.

Just one car out of the bunch had no trouble getting started. It had Florida license plates.
